This giant sale is sponsored by the Junior League of Lynchburg to raise money for its Community Trust Fund. Doors of the Armory will open at 7:00 a.m on Friday, and the sale lasts until 9:00 p.m.

The Armory is located on Church Street in Lynchburg, in the 1200 block. Mrs. Richard T. Mosby is Bargain Mart Chairman, and all work of Collecting, tagging, arranging and selling the rummage is done by members of the Junior League.

Lynchburg Resident Smiles And Brags About His Losses

C. W. Dudley, well known foreman at B & W, and top area Square Dancer smiles about a loss he can enjoy and brag about. He has taken a big weight loss in the past 12 weeks. From 28 lbs. down to a trim 200 lbs. and feels like a million.

In addition to losing all this excess weight, the chest pains he had no longer bother him and he can put in a full day's work without feeling tired.

The reason for the smiles and bragging is one shared by many Lynchburg area residents. It's a new weight loss program requiring no meetings to attend, no exercises, no drugs or shots, and best of all for those who follow it, no hunger pangs.

C. W. Dudley, right, originally Brookneal resident. Now resides in Lynchburg, Va., receiving another NATURSLIM 30 day program.

The key to the program is a all natural food power call Naturslim taken twice a day in the form of a milkshake, or in un-sweetned fruit juice. Taken for breakfast and lunch, it provides two high protein meals. Then the user can eat almost anything he or she wants for dinner - no impossible restrictions. Also included with Naturslim are vitimins which provide the required daily needs.

According to C. W., he learned of this weight loss program by word-of-mouth, and purchased his first program from a dealer in Lynchburg. Each can supplies 60 meals, which includes the low fat milk and Share the Fun which will be held in November. We also discussed many of the programs we'll be having during the year. One thing took place this weekend, The Bike-A-Thon for Cancer, Sunday, October 10, that began at 2:00 p.m. And the Chick-N-Que contest being held At The Holiday Lake 4-H Educational Center.

Members were reminded to bring their 4-H projects from last year to the October meeting.

Our class president, Jeff Miller, led us in the Pledge of Allegiance and the 4-H Pledge as the meeting was adjourned. Patricia Chandler, Reporter and Share the Fun which will be held in November. YOU DECIDE WHERE TO LIVE.

First, select the area where you'd like to live. Then buy a nice piece of property. If you already own a lot, you're all set.

WHAT WE DO, WHAT YOU DO.

Ridge custom-builds your home according to the plans and Ridge Homes specifications. We completely enclose your home and include the materials and fixtures you need to complete it yourself. You can do as much of the finishing work yourself as you like — the rest you can subcontract. *But remember: the more you do, the more you can save.*

NO NEED TO WAIT ANY LONGER.

Now you can turn your time and money into a real future for your family. Call your Ridge Homes Dealer Representative or send the coupon for *your free* "Start Living" brochure.

The summer drought could present a problem with Atrazine residue for oats and barley. One solution is to plow rather than disc. There's no practical test that you can use that's better than judgement.

It's time to topdress lawns. If they haven't had a shot of nitrogen at the rate of 1 to 1½ lbs. actual N per 1000 square feet, do it now. Sometime between now and November 10 apply 15 lbs. 10-10-10 per 1000 square feet.

Some lawns need to be dethatched. Several businesses in Appomattox have these machines for rent. Remove the thatch and then apply the fertilizer.

This fall is also a good time to check the soil pH and add any needed lime. It will make your fertilizer more effective.

It's important to prevent mold from forming in newly harvested shelled corn. Air should be forced through bulk grain as soon as possible.

One mold in particular, AFLATOXIN, is deadly to cattle and man. If you suspect Aflatoxin contamination, a sample can be sent to the Grain Division, ARS-USDA in Norfolk.

The Heart Of Appomattox

By Terrie Conrad

When a stranger comes to Appomattox it is, of course usually to visit the Appomattox Historical Park and soak up the drama surrounding the McLean House and adjoining acres.

It's a great educational and, for those with imagination, emotional experience.

However had the visitor spent more time in Appomattox he would have found even more opportunity to learn from one of Appomattox's best resources - her people.

It is this reporter's intention to spotlight some of its citizens, old, young, and in-between, for the benefit of the occasional visitor, new resident and most of all to get to know each other a little better.

Look for this column in next week's issue of the **TIMES - VIRGINIAN.**
